

Specialist Assessment Pathway

Pro Forma Curriculum Vitae

PERSONAL DETAILS:

Family Name (Surname)	[REDACTED]	
Given Names	[REDACTED]	
Title	Associate professor of radiodiagnosis and interventional radiology Ain Shams university	
Date of Birth	19-2-1981	
Gender	Male <input checked="" type="checkbox"/> / Female <input type="checkbox"/>	
Current Work Address	[REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED]	
Phone	(H) none	(M) [REDACTED]
	[REDACTED]	[REDACTED] [REDACTED]
Current Home Address	[REDACTED] [REDACTED]	
Phone	(I)	(M) [REDACTED] [REDACTED]
	(W)	(Fax) none
Contact email address	[REDACTED] [REDACTED]	
Work email address	[REDACTED]	

QUALIFICATIONS:

Primary Medical Qualification (MBBS or equivalent):

Qualification title:	Bachelor of medicine and surgery
Year Qualified:	2004
Year Awarded (If different to year qualified for degree):	2005
Country of Training:	Egypt
Medical School:	Faculty of medicine Ain Shams university
Controlling University:	Ain Shams university
Was a period of internship included in qualification? YES <input checked="" type="checkbox"/> / NO <input type="checkbox"/>	
If yes, what dates? (include month/year) From <u>1-3-2005</u> To <u>28-2-2006</u>	

Specialist Qualification (Principal/Highest):

Qualification title:	Medical doctorate in diagnostic radiology
Year Qualified:	2013
Year Awarded (If different	2014

to year qualified for degree):	
Country of Training:	Egypt
Institution Awarding qualification:	Faculty of medicine Ain Shams university
Training Institution Accredited by:	Name of Accreditation Body: National Authority for Quality Assurance and Accreditation of Education (NAQAAE)
	Jurisdiction: <input type="checkbox"/> Local <input type="checkbox"/> State/Provincial <input checked="" type="checkbox"/> National
Duration of training – Years:	2 <input type="checkbox"/> 3 <input type="checkbox"/> 4 <input type="checkbox"/> 5 <input type="checkbox"/> >5 (specify) 7 years 5 months

Additional Qualifications:

Qualification title:	Consultant radiologist
Year Qualified:	2021
Year Awarded:	2021
Country of Training:	Egypt
Institution Awarding qualification:	Saudi commission for health specialities

Current & All Previous Medical Licensing Authorities:

Type of registration (indicate if licensed to practice as specialist or not)	Date (from/to)	Registering authority	Any restrictions/conditions or undertakings?
Specialist radiologist (licensed to practice) No.173641	5-2009 till 11-2013	Egyptian medical syndicate	None
Consultant radiologist (licensed to practice) No.173641	11-2013 till present	Egyptian medical syndicate	None
Consultant radiologist No.21300233 (licensed to practice)	5-6-2021 till present	Saudi commission for health specialities	None

Memberships of Professional Organisations:

Please include memberships of all relevant organisations	
Date From/To	Organisation
2006 till present	The Egyptian society of radiology and nuclear medicine
2017 till present	European society of radiology (corresponding member)

TRAINING:

Specialist Examinations:

Please include details of examinations taken (MCQ, Viva Voce, Clinical)			
Examination Regulatory Body: Radiology department, Faculty of medicine, Ain Shams university			
Dates	Institution	Specialty/ Sub-Specialty	Components of Examination
2006-2009	Faculty of medicine Ain Shams university	Master degree Radiodiagnosis	1st part (October 2007): 1-Technology and radiological anatomy 6 essay questions each 2-Isotope 8 short essay and 20 MCQ 3-Practical stations 20 isotope, 40 anatomy and technology (e-film

			<p>reading) 4-Radiobiology (40 MCQ) <u>Thesis defence (Thesis title)</u> Role of uterine artery embolization versus high intensity focused ultrasound in management of uterine fibroids, available online www.eulc.edu.eg</p> <p><u>2nd part (April 2009)</u> 1-20 short essay questions (all modules) and 50 MCQ 2-Isotope essay 10 questions and 20 MCQ 3-Practical 50 stations (e-film reading) 45 short cases and 5 long cases with full report 4-Oral exam 10 sessions</p>
2010-2013	Faculty of medicine Ain Shams university	Medical doctorate degree Radiodiagnosis	<p><u>1st part:</u> 1-Internal medicine: 3 essay questions, clinical exam on one case 2-General surgery:3 essay questions, clinical exam on one case 3-Pathology:6 essay questions and 30 MCQ, practical exam on 3 specimens, then oral exam <u>Thesis defence on 22-5-2013 (Thesis title)</u> Role of 3D conventional angiography in evaluation of intracranial aneurysms</p> <p><u>2nd part</u> 1-1st paper 6 essay questions (Genitourinary, gastrointestinal cardiovascular and chest) 2-2nd paper 6 essay questions (Head and neck, musculoskeletal, interventional radiology and pediatric) 3-3rd paper 10 essay questions (Breast, genitourinary, gastrointestinal, cardiovascular, chest, Head and neck, musculoskeletal, and interventional radiology) plus 50 MCQ (all modules) Practical 50 cases (e-film reading) including nuclear medicine Oral exam 10 sessions</p>

Continuing Professional Development:

I am currently participating in a structured CPD program <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No	
Name of CPD Program:	Saudi commission of health specialities CPD program
Jurisdiction	<input type="checkbox"/> Local <input type="checkbox"/> State/Provincial <input checked="" type="checkbox"/> National
CPD Cycle E.g.: 2012 -2015 triennium	2021-2023
Other	Ain Shams university hospitals CPD training program

	<ul style="list-style-type: none"> -Annual conference of Ain Shams radiology department -Annual medical conference of Ain Shams university -Attending workshops -Hands on training

EXPERIENCE IN TEACHING, RESEARCH and PROFESSIONAL ACTIVITES:

Teaching Experience:

Please list all experience you have gained in delivering medical education (including the dates and institutions). Include formal appointments of academic institutions.	
Dates	Institution
22-8-2010 till 4-12-2012	Teaching assistant of radiodiagnosis and interventional radiology, faculty of medicine Ain Shams university
4-12-2012 till 31-3-2014	Assistant lecturer of radiodiagnosis and interventional radiology, faculty of medicine Ain Shams university
31-3-2014 till 23-4-2020	Lecturer of radiodiagnosis and interventional radiology faculty of medicine, Ain Shams university
23-4-2020 till present	Associate professor of radiodiagnosis and interventional radiology Faculty of medicine, Ain Shams university

Audit Participation Reports and Research Experience:

Summarise	
Current audit participation responsibilities as HOD in Abha private hospital	<ul style="list-style-type: none"> • Conducts audits to ensure consistency with established policies, procedures and philosophy, and to maintain and improve the quality of care given to patients as per the Saudi central board for accreditation of health institutions (CBAHI) guide lines. • Ensures current, accurate information documented in the Quality Assurance database. • Reviews audit follow-up responses creates corrective action/preventative action (CAPA) plans and develops non-conformance reports (NCR) as necessary. • Researches regulatory and quality assurance issues and implements changes as needed. • Maintains communication with Administration, Medical Staff and Department. • Heads regarding all Quality Assurance activities, accreditation documentation for CBAHI visits and State inspections.
Previous audit participation in radiology department Ain Shams university hospitals	<ul style="list-style-type: none"> • Engaging with other radiology departments to promote and encourage audit and quality insurance participation and activities for the benefit of local service improvement. • Using the broad range of media available to communicate audit outcomes. • Supporting in aligning the quality assurance unit committee's work with the Quality Standard for Imaging. • Developing and building links with relevant external bodies, as appropriate.

Research experience	Supervision of the master and doctorate degree candidates' theses and research work with multiple research work published papers listed below.
---------------------	------------------------------------------------------------------------------------------------------------------------------------------------

Published Research Papers:

List papers and publications	
The efficacy and safety of itopride in feeding intolerance of critically ill patients receiving enteral nutrition: a randomized, double-blind study	[REDACTED]
Automated breast ultrasound system (ABUS): can it replace mammography as a screening tool?	The Egyptian journal of radiology and nuclear medicine [REDACTED]
Ultrasound guided radiofrequency ablation of Morton's neuroma: A substitute for surgery	The Egyptian journal of radiology and nuclear medicine [REDACTED]
Trans-catheter ovarian vein coiling in management of symptomatic females having chronic pelvic congestion	The Egyptian journal of radiology and nuclear medicine [REDACTED]
Ultrasound guided injection in patellar tendinopathy; clinical outcomes of platelet-rich plasma compared to high-volume injection	The Egyptian journal of radiology and nuclear medicine [REDACTED]
Ultrasound Guided Radiofrequency Ablation of the Suprascapular Nerve Versus Injection Block Technique: A Comparative Study in Patients with Chronic Shoulder Pain	MEDICAL JOURNAL OF CAIRO UNIVERSITY [REDACTED]
Radiofrequency Ablation of Symptomatic Non-Functioning Benign Thyroid Nodules: An Early Experience in Egyptian Patients Using	MEDICAL JOURNAL OF CAIRO UNIVERSITY [REDACTED]

Monopolar Electrodes	
The Added Value of Dynamic Contrast Enhanced MRI Semiquantitative Parameter in Discrimination of Ovarian Lesions	MEDICAL JOURNAL OF CAIRO UNIVERSITY ████████████████████
MR Imaging Features of Chemotherapeutic Neurotoxicity in Cancer Patient	The Egyptian Journal of Hospital Medicine ████████████████████
Role of 3-D Conventional Angiography In Evaluation of Intracranial Aneurysms	The Egyptian Journal of Hospital Medicine ████████████████████
Correlation between TIRADS and FNAC in the assessment of suspicious thyroid nodules	Accepted 5-8-2021 for publication in the Egyptian journal of surgery

Detailed Employment History:

Please list all employment in chronological order starting with your current/most recent position, include those positions held during your medical training (including your internship) and any other employment prior to specialist training.

Please ensure that you list the dates you commenced and ceased employment in each position (in month and year format MM/YYYY). Also provide an explanation for any gaps that appear in your employment history.

Provide full locations of all positions (street, suburb, city/town, state, country) and brief description of day to day duties.

Clearly identify your intern year (postgraduate year 1) and other years between obtaining medical degree and commencing specialist training.

Employment history should be completed in two sections to indicate employment during specialist training and employment in specialist practice (after award of principal specialist qualification)

Copy table as required

EMPLOYMENT IN SPECIALIST PRACTICE (after award of principal specialist qualification)

Start/end dates	2-5-2021 till present
Institution/Hospital	[REDACTED]
Position title	Head of department
Location	[REDACTED] [REDACTED] [REDACTED]
Registering Authority	Saudi commission for health specialities
Duties	<ul style="list-style-type: none"> -Liaising with existing staff members, managers, supervisors and patients in order to achieve set goals. -Observing, analysing and offering suggestions on current operations regarding opening a new branch of the hospital. -Scheduling meetings and training sessions with staff. -Assisting with recruitment and training process. -Ensuring all health and safety measures as well as maintaining the Saudi central board for accreditation of health institutions (CBAHI) guide lines. -Finalizing CT and MRI reports and aiding junior colleagues in difficult cases in all radiological modalities. -Attending workshops, lectures, and training sessions whenever possible.

Start/end dates	1-12-2013 till 24-4-2021
Institution/Hospital	[REDACTED]
Position title	Consultant radiologist
Location	[REDACTED]
Registering Authority	Egyptian medical syndicate
Duties	<p>Performing all ultrasound and doppler modalities (pelviabdominal, thyroid, neck, breast, superficial, musculoskeletal, Trans rectal ultrasound, trans vaginal ultrasound, abdominal doppler, Neck arteries and veins doppler, upper and lower limbs arterial and venous doppler, Scrotal doppler, Pelvic doppler, superficial parts doppler), ultrasound guided core biopsy and fine needle biopsy, trans rectal prostatic biopsy, and ultrasound guided injections, aspiration and pigtail insertion.</p> <p>x-ray reporting Mammographic reporting</p>

Start/end dates	31-3-2014 till 23-4-2020
Institution/Hospital	Ain Shams university hospitals
Position title	Lecturer of radiodiagnosis and interventional radiology
Location (include Country)	56 Ramsis street, Abbasia, Cairo, Egypt
Registering Authority	Egyptian medical syndicate

Duties	<p>Teaching:</p> <ul style="list-style-type: none"> -Preparing and delivering lectures for under graduate and master degree. -Guide class discussions and interactive learning - Advising and supporting academic staff in research work -Provide academic counseling and advise to students -Lecture planning and preparation -To contribute to undergraduate and postgraduate taught programme and participate in research and research supervision -Assess the work and progress of students and provide them with constructive feedback. -Advice and support colleagues with less experience and advise on academic, clinical and personal development -Supervision of the master and doctorate degree candidate's thesis and preparing their seminars. -Invigilating examinations -Contribute to the development and implementation of the national authority of quality long term vision and strategic direction. -Contribution in the musculoskeletal ultrasound teaching courses arranged by the radiology department Ain Shams university <p>Clinical (reporting MRI, CT, and performing ultrasound and image guided procedures):</p> <p>After joining of the musculoskeletal group as a subspeciality, I was assigned to finalize the MRI and CT reports and to perform the musculoskeletal ultrasound and musculoskeletal image guided procedures as biopsies, injections, aspirations, and arthrograms.</p>

Start/end dates	1-8-2014 till 24-4-2021
Institution/Hospital	Alfa scan radiology centers (Private centre)
Position title	Consultant radiologist
Location	South 90 street Concord plaza mall 5 th settlement new Cairo, Egypt (new Cairo branch) 73 Alsayed Almerghany street, Heliopolis, Cairo, Egypt (Heliopolis branch) 68 Makram Ebeid street, Nasr City, Cairo, Egypt
Registering Authority	Egyptian medical syndicate
	Performing all ultrasound and doppler modalities (pelviabdominal, thyroid, neck breast, superficial, musculoskeletal, Trans rectal ultrasound, trans vaginal ultrasound, abdominal doppler, Neck arteries and veins doppler, upper and lower limbs arterial and venous doppler, Scrotal doppler, Pelvic doppler, superficial parts doppler, Penile doppler, ultrasound guided core biopsy, fine needle biopsy, trans rectal prostatic biopsy, ultrasound guided injections, aspirations and pig tail catheter insertion

	1-11-2014 till 10-7-2015
Position title	Managing director of the radiology department at Ain Shams specialized hospital (Obour branch)
Location	Mahalya 1 ,2 nd district Obour city, Kaliobeya Egypt
Registering Authority	Egyptian medical syndicate
Duties	<p>1-Management of professional issues associated with the medical workforce and the services provided by doctors.</p> <p>2-Lead the effective management of medical staff and ensure that they deliver effective, safe and high-quality care to patients.</p> <p>3-As the most senior doctor in the department, provide strong and effective medical leadership and advice to inform corporate decisions.</p> <p>4-Contribute to the development and implementation of the national authority of quality long term vision, strategic direction and governance arrangements.</p> <p>5-Assist the junior staff in reporting\performing difficult radiological cases.</p>

Start/end dates	1-8-2015 till 30-10-2015 (Locum)
Institution/Hospital	Kuwait cancer control center (KCCC)
Position title	Senior registrar
Location	Sabah health region, Shuwaikh Medical, Kuwait City
Registering Authority	Kuwait Ministry of health (MOH)
Duties	<p>Performing all ultrasound and doppler modalities (pelviabdominal, thyroid, neck breast, superficial, musculoskeletal, Trans rectal ultrasound, trans vaginal ultrasound, abdominal doppler, Neck arteries and veins doppler, upper and lower limbs arterial and venous doppler, Scrotal doppler, Pelvic doppler, superficial parts doppler), ultrasound guided core biopsy and fine needle biopsy.</p> <p>x-ray reporting</p> <p>Mammographic reporting</p> <p>CT and MRI reporting</p> <p>On call duties</p>

Start/end dates	1-1-2017 till 29-3-2017 (Locum)
Institution/Hospital	Adan hospital
Position title	Senior registrar
Location	Hadiya, Alahmadi governate, Kuwait City, Kuwait
Registering Authority	Kuwait ministry of health (MOH)
Duties	<p>CT and MRI reporting</p> <p>On call duties</p>

Start/end dates	23-4-2020 till present
Position title	Associate professor of radiodiagnosis and interventional radiology
Location	56 Ramsis street, Abbasia, Cairo, Egypt

Registering Authority	Egyptian medical syndicate
Duties	<p>Teaching:</p> <ul style="list-style-type: none"> -Preparing and delivering lectures for under and post graduate candidates - Advising and supporting academic staff in research work -Provide academic counseling and advise to students -Lecture planning and preparation -To contribute to undergraduate and postgraduate taught programme and participate in research and research supervision -Assess the work and progress of students and junior colleagues provide them with beneficial feedback. -Advice and support colleagues with less experience and advise on academic, clinical and personal development -Supervision of the master and doctorate degree candidate's thesis and preparing their seminars. -Invigilating examinations - Contribute to the development and implementation of the national authority of quality long term vision and strategic direction. -Contribution in the musculoskeletal ultrasound teaching courses arranged by the radiology department Ain Shams university or by any conference organizing committee. <p>Clinical (reporting MRI, CT, and performing ultrasound and image guided procedures): As a senior musculoskeletal group member, I am assigned to finalize the MRI and CT reports and to perform the musculoskeletal ultrasound as well as musculoskeletal image guided procedures as guided biopsies, injections, aspirations, and arthrograms.</p> <p>Supervise and assess the performance of junior staff members.</p>

EMPLOYMENT BEFORE OR DURING SPECIALIST TRAINING

Start/end dates	1-3-2005 till 28-2-2006 (year 1 post graduate)
Institution/Hospital	Ain Shams university hospitals
Position title	House officer
Location	56 Ramsis street, Abbasia, Cairo, Egypt
Registering Authority	Egyptian medical syndicate
Duties	Effective patient care Obtaining medical history Sharpening skills of examination

	Ordering laboratory investigations Patient monitoring
--	----------------------------------------------------------

Start/end dates	8-10-2006 till 7-10-2009
Institution/Hospital	Ain Shams university hospitals
Position title	Resident of radiodiagnosis and interventional radiology
Location	56 Ramsis street, Abbasia, Cairo, Egypt
Registering Authority	Egyptian medical syndicate
Duties	Performing fluoroscopic studies Writing primary reports for X ray, CT and MRI Performing ultrasound and doppler studies Assigned for night shifts

Start/end dates	1-5-2009 till 1-8-2014
Institution/Hospital	Misr radiology center (MRC)
Position title	Radiology specialist
Location	11 almerghany street, Heliopolis, Cairo, Egypt (Female imaging branch) 8 Alkhalifa alمامoun ,Mansheyet el bakry ,Cairo, Egypt
Registering Authority	Egyptian medical syndicate
Duties	Performing all ultrasound and doppler modalities (pelviabdominal, thyroid, neck, breast, superficial, musculoskeletal, Trans rectal ultrasound, trans vaginal ultrasound, abdominal doppler, Neck arteries and veins doppler, upper and lower limbs arterial and venous doppler, Scrotal doppler, Pelvic doppler, superficial parts doppler and penile doppler), ultrasound guided core biopsy and fine needle biopsy, trans rectal prostatic biopsy, ultrasound guided injections, aspiration and pigtail catheter insertion. Mammographic reporting

Start/end dates	22-8-2010 till 4-12-2012
Institution/Hospital	Ain Shams university hospitals
Position title	Teaching assistant
Location	56 Ramsis street, Abbasia, Cairo, Egypt
Registering Authority	Egyptian medical syndicate
Duties	Performing fluoroscopic studies Writing primary reports for X ray, CT and MRI Performing ultrasound and doppler studies Performing some interventional procedures (Tapping, pig tail catheter insertion, biopsies, Nephrostomy, Upper and lower limbs angiography) Assigned for night shifts Assisting in preparation and organization of lectures

Start/end dates	4-12-2012 till 31-3-2014
Institution/Hospital	Ain Shams university hospitals
Position title	Assistant lecturer

Location	56 Ramsis street, Abbasia, Cairo, Egypt
Registering Authority	Egyptian medical syndicate
Duties	Performing fluoroscopic studies Reporting X ray, CT and MRI Performing ultrasound and doppler studies Performing some interventional procedures and joining the on-call interventional duties (Tapping, biopsies, pig tail catheter insertion, nephrostomy, Upper and lower limbs angiography) Assigned for night shifts Giving tutorials, assisting in preparation and organization of lectures

Referees:

Referees are required to be colleagues with similar qualifications who have practised with you at consultant/specialist level. One of the nominees must be a senior radiologist or radiation oncologist or current supervisor. If you have recently completed specialist training, the name of your specialist training supervisor or equivalent should be included as a referee.

PLEASE NOTE: The referees that you nominate MUST be current referees (at least one from within the last 2 years). The College will contact the nominated referees as part of the RANZCR assessment.

Please list the name, title and contact details of three referees.
